

SQUARE TUBE SHIELD T-POLE BRACKET

Square Tube Shield T-Pole brackets are used to erect an electric fence and are supplied with insulators. Available in hot dip galvanised or powder coated. The choice of a bracket should provide a good enough barrier to prevent a criminal from getting through or over the fence without triggering the alarm.

Features:

- Covers double brick walls
- Not easy to bend
- Easy to install
- Option 2 allows for 10 lines with 2 insulators on the stem
- Large base plate for stronger mounting (footing)
